■■■■■ IN LOS ARQUEROS

This large contemporary villa sits on a double plot with a southerly orientation and looking straight down the valley/golf course to the sea. Entering at road level guests are immediately amazed at the double height space which is glassed from floor to ceiling. On this level are two huge master suites with golf and sea views. From the entrance, a sweeping staircase take you down to the main living area. Also on this floor is a separate kitchen, a utility room, another huge bedroom suite and an office which is large enough to be a fourth bedroom if more bedrooms are required in the main house. From the lounge and kitchen there is access to the garden which has covered and uncovered terraces overlooking the infinity pool which leads onto a lawned garden. There is a second tier of lawned garden and below this is a private orchard where the owners can grow their own fruit and vegetables....
