■■■■■ IN ESTEPONA

Beautiful modern villa with golf & sea views In this contemporary villa the use of natural materials and lightly colored interiors – walls, floors, ceiling and other architectural features including the open plan layout maximise the feeling of being at one with nature by creating warm spaces and a welcoming ambience that is both functional and comfortable. The avant garde architecture is a mix of the traditional white mediterranean color and interplay of the different volumes of the facades by the combination of clean lines and the use of natural materials to create a very unique style. Water plays an important part of the architecture and this is visible in the design of the infinity pool with its waterfall feature that blends harmoniously with the landscaped gardens giving an overall feeling of wellness and relaxation.
