PROJECT. LICENSE. REFORM. VILLA. Now here is an opportunity.....one of the rare original Las Brisas villas, available for reform with project licence in place. This original and authentic Golf Valley home is an evocative property with interesting design and an elevation that allows for unbeaten views to the majestic la Concha mountain. With a stunning architectural project entirely developed, and the license in hand, this is an opportunity to take one of the last remaining "rough diamonds" on this side of Marbella's Golf Valley and create an immaculate and unique jewel. The exceptional plot upon which this property sits is 1780 square meters, and is significantly elevated above the residential street in front. This ensures that the breath-taking views that are seen across las Brisas Golf Valley over to the majestic la Concha mountain in the distance, will never be obstructed. ...
