An elevated ground floor, which consists of 3 bedrooms, one of them is the master bedroom that has a bathroom inside, which has a double sink, shower tray and also a bathtub with hydromassage. Marble floors throughout the house, smooth walls, solid wood doors, new modern kitchen with Siemens appliances, washing machine, dryer. The house has Natural Gas, with its boiler, for hot water and the kitchen, in addition, it has radiators that represent significant savings in energy consumption. In addition, the house has central air conditioning in all areas and an extra split in the master bedroom. Glazing and double-glazed windows and PVC profiles, all with tilt-and-turn blinds. A garden-terrace of about 90 m² where there is a covered part, a part with grass for children's games and a spa area with a six-person jacuzzi that can be used all year round. The landscaped common areas are spa...
